Good Morning Cousin Edgar:

Received your letter of the 19th inst., I have told you about all there is of any importance about Geneva's family. I told she had two children a daughter and a son Maude and Alfred both passed away over 23 years ago. Geneva's husband's name is Wilfrid (Wilfred??) Owen Lamb.

Charles wife's name Annie Westacut no children so you see I will never have any grandchildren as they are all past the age to have any children.

I never get any Foreign mail so unfortunately I have no stamps that you would be interested in.

I have an item you may be interested in, you had a Cousin James M. Francis. You may know more about him than I do but I dont think you know more of him in the last few years of his life. He was a night clerk in the National Hotel in Seattle Washington for 11 years. Then he came to Calif. He was a night clerk in a hotel at Santa Barbara for a few years then he went to Santa Ana, Calif was night clerk in a hotel there untill his health failed so he could not be on duty any longer he had to give up work so he passed away last May. he and I always corresponded up till he was not able to write any more. He passed away at the place where he always boarded he was 86 years old. It seems as though Aunt Rachel that is my husband's aunt raised him. I don't know which of the Uncles was his father. Probably you do.
